

# TDS – COLOUR BASE Dilutend

## WATERBORNE MINERAL STAIN

### DESCRIPTION

**COLOUR BASE Dilutend** is an environmentally friendly stain based on a unique Cellular Saturated Anchoring Technology (CSA) containing nano minerals structures and micro-pigments.

This CSA-technology enables the applicator to apply the stain without overlapping.

**COLOUR BASE Dilutend** allows you to dilute the colours from the Colour Base range to create lighter shades of the colour.

### ADVANTAGES

- Allows you to create more shades of color
- Easy use
- No VOC's

### FEATURES AND PROPERTIES
